

Tag & Release is a program that allows you to quickly and easily place a tag on installed pumps with model and repair kit information.

- ❑ *Immediate, visible and accurate service part identification*
- ❑ *Reduces downtime and increases productivity*
- ❑ *Complete repair kits ensure pump reliability*

TAG & RELEASE

Wright Flow Technologies "Tag & Release" is a free and easy program. Each tag identifies the Seal Face Kit #, Elastomer Kit # and Bearing Kit # for quicker repairs, lower downtime and better overall service.

4 easy steps:

- 1** Fill out the Tag & Release form at tags.wrightflowtechnologies.com
- 2** Submit your request for tags
- 3** Wright Flow Technologies sends tags to you, free of charge
- 4** Attach tags to your pumps to help identify, order and stock the appropriate repair kits for all of your Wright Flow Technologies models and Waukesha® Universal I and Universal II models

**FREE
Program**
